

Assalam alaikum!

We have had a busy and exciting start to the new school year, Alhumdulillah! We learned about place value to the hundred thousands place, how to classify living things, types of communities and much more!

Third Grade's Amazing August 2018!

LEARN!

Mathematics (Sr. Madeeha)

This month, we learned about number patterns with skip counting, comparing and ordering numbers to the hundred thousands place, rounding numbers, and adding four digit numbers with regrouping!

We created a classroom web to show that we are all connected and bring different strengths to our classroom community!

WOW!

Social Studies (Sr. Madeeha)

We learned about communities and the features that define them, including citizens, laws, cultures and history. We discovered the ways communities can be different, including physical geography, history and businesses. Finally, we studied the ways different communities around the globe can communicate with each other!

Quran (Sr. Asma)

Welcome back to school, third grade! We did a lot in August: assessments, reviewing, practicing and activating knowledge. With wonderful students, we started Suratul Inshiqaq.

ELA (Sr. Madeeha)

We have learned about the genres of fantasy, realistic fiction, biography and autobiography! We have examined plot structure, sequence and cause and effect in literature. We studied sentence types and subject and predicates within complete sentences. We started reading our novel *The Boxcar Children: Chocolate Sunday Mystery!*

WOW!

Arabic (Sr. Nafn)

Third Graders had a great start this year by reviewing basic vocabulary words learned in the previous years through interactive games and competitions in class.

They enjoyed the story of Hijrah and how the Islamic calendar started while talking about Hajj and the sacred places the Hujjaj visit during their Hajj trip.

Art and Physical Education (Sr. Heba)

I introduced the primary and secondary colors for the start of the new art year. For the start of P.E, we started the unit with light physical activity, which includes a brief few minutes of push-ups, sit-ups, squats. We end each P.E class by using the parachute and playing dodgeball!

LEARN!

Islamic Studies (Sr. Misbah)

Alhamdulillah! All praise to Allah (swt) who enabled us to complete the first month of School successfully. Alhamdulillah, we were able to learn about steps of Hajj and did a project on the same with a lot of enthusiasm by students. Alhamdulillah!!

For the coming month in sha Allah we plan to do lot more with kids learning about Worshipping Allah, making wudoo right, perfecting your prayer and engaging them in Quizzes, Activities and Projects on the same. In sha Allah

We pray that Allah (swt) puts Barakah in our time and make our students righteous Leaders of the Believers. Ameen.

Science (Sr. Madeeha)

WOW!

We have learned about how to define and classify living things. We looked through a microscope and saw the cells that all living things are made of! We built a backbone out of pasta and gummies to understand how vertebrate animals gain support from this structure. We learned about the many ways that invertebrate animals can protect their soft bodies.

LEARN!

Technology

ASA, We started the school year off on completing all our testing and assessments and have now transitioned into our technology lessons.
Sis. Saima
