VISION

Our vision is to develop strong Muslims, nurtured to excel academically and fostered to be productive members of their community and society at large.

MISSION

- Provide an environment to produce Muslims whose thoughts and actions are driven by Islam and Allah (SWT).
- Focus on teaching Language Arts, Science, Math and Arabic.
- Utilize the most effective teaching methods (teaching philosophy) and tools (technology).
- Make learning appealing, interesting, fun and interactive.
- Instill discipline in students.
- Inculcate a strong foundation of Islamic principles.

Diversity and Inclusion at ILM Academy

To ensure the diversity of ILM Academy is consistently respected, we would like to remind our values that strictly embraces the message from the Quran to recognize our differences and uphold our Prophet (SAWW) 's message from his last sermon:

"O humanity! Indeed, We created you from a male and a female and made you into peoples and tribes so that you may get to know one another. Surely the noblest of you in the sight of Allah is the most righteous among you. Allah is truly All-Knowing, All-Aware." Al-Quran (49:13)

"All humankind is from Adam and Eve. An Arab has no superiority over a non-Arab, nor does a non-Arab have any superiority over an Arab; white has no superiority over black, nor does a black have any

superiority over white; [none have superiority over another] except by piety and good action. Learn that every Muslim is a brother to every Muslim and that the Muslims constitute one brotherhood." (The last sermon of Muhammad Rasool-ALLAH (saw))

ILM Academy continues to elevate its efforts to improve our students' Muslim characteristics through implementing an Islamic curriculum, reiterating lessons through one-on-one counseling and coaching sessions by external educational experts. Our teachers have been diligently incorporating instructional lessons on preventing stereotypes, the impact of prejudice and racism on mental and physical health, and the harm done by discrimination.

To uphold our non-discriminatory stance, the school does not condone or tolerate any behavior on the school grounds from individuals associated with ILM Academy that foster prejudice, racism, or discriminatory actions perpetuating adverse effects on an individual from a specific racial or ethnic group. To reinforce our disciplinary action, the student's first offense will result in guided one-on-one counseling sessions to reflect on their offense and develop awareness around the issue. However, the latter offense by the same student will be taken extremely seriously and may result in suspension or expulsion.

Parents should be aware of their conversations, with or in front of the students, and should ensure that the conversations are free from stereotypes and prejudices and respectfully accommodate others' racial, ethnic, and cultural differences. Parents should discuss with their students about avoiding having fun at the disposal of other students' racial, ethnic, and cultural differences and how their words and actions can have a long-lasting impact.

"Leaving the wives that your Lord has created for you? In fact, you are a transgressing people" (26: 166)

"And to Lot We gave wisdom and knowledge, and delivered him from the society engrossed in shameful practices. They were certainly an evil, rebellious people"(21:74)

As far as matters related to gender and LGBTQ are concerned, ILM Academy upholds the Islamic beliefs as mentioned in Quran. We adhere to the narrative that such actions were disliked by Allah (SWT) and they will not be permitted in school.

ADMISSION

PRE-ADMISSION ASSESSMENT

New students enrolling in KG and above will be assessed by the administration before they are granted admission. Assessment areas will consist of academic performance and behavior.

AGE REQUIREMENTS

Students enrolling in PreK 3, PreK 4, and Primary Montessori, must be fully potty trained. Teachers in the beginning will assist in reminding them the rules and proper way of using the restroom but cannot assist them in cleaning themselves. Definition of 'fully potty trained' is:

- students must be able to tell that they have a need to go to the restroom.
- students must be able to easily pull down and pull up their bottoms (pants/leggings/tights and underwear).
- students, more specifically boys, must know that they can ONLY use the toilet while sitting down.
- students must be able to clean themselves properly (use the water and toilet paper) as teachers are not allowed to touch them.
- students must know to wash their hands thoroughly after using the toilet.

Following issues will cause a disciplinary action:

- If students are caught relieving themselves standing up, teachers will remind the student to sit and use the toilet. Teachers will also reach out to the parents to correct the behavior at home. If the same violation occurs 3 times with the same student within a shorter period of time, they will be asked to stay home till the behavior is completely modified.
- If the students have 3 toilet related accidents within a week of their school starting, the parents will be asked to keep the students home for a full week of potty-training.
- The students are expected to show progress after the potty training intervention week at home. In case the student returns back to the previous behavior, parents are expected to keep them home another week for intervention. After two intervention weeks, if the behavior continues, the school holds the right to suspend or terminate the enrollment.

The following age requirements must be met before admission will be considered:

- Pre-K3 students must be 3 years of age by October 1st, 2023
- Pre-K4 students must be 4 years of age by October 1st, 2023
- Bambinos (Montessori toddler) students must be 18 months old on the first day of school
- Montessori students must be 3 or 4 years of age by September 1st, 2023
- Kindergarten students must be 5 years of age by October 1st, 2023

- 1st Grade students must be 6 years of age by October 1st, 2023

All new students being enrolled in ILM Academy will be accepted on a three month probationary period. ILM Academy holds the right to suspend or terminate the enrollment based on student's academic performance and behavior.

NON-DISCRIMINATION POLICY

ILM Academy is an independent non-profit Islamic institution that welcomes students from all cultures and backgrounds. We believe in providing an environment that is free of discrimination, whilst ensuring proper Islamic education.

ILM Academy does not discriminate based on sex, race, and color, national or ethnic origin. ILM Academy reserves the right to dismiss a student based on the student's failure to abide by the school's rules and policies and/or inability to benefit from the program of studies.

REGISTRATION PROCEDURES

New and returning students are required to fill out the online registration form, update the emergency and health information, pay the appropriate fees and agree to abide by the school code of conduct. If your contact numbers or address changes, it is the responsibility of the parent to inform the school immediately. This will enable us to reach you in case of emergency.

ADMISSIONS PRIORITY

Admissions priority is according to the following guidelines:

1. Re-enrollment is offered to current students at ILM Academy first, with guaranteed re-enrollment for all current students as long as Online Enrollment (OE) and fees are submitted online by the due date.
2. Next, admissions are open to siblings of current students and staff members, on a first come, first served basis as long as the Online Application (OA) and fees are both submitted online by the due date.
3. Next, admissions are opened to the general public on a first come first served basis, as long as admissions are open.

APPLICATION REQUIREMENTS

In order for students to be considered for admission, the following must be submitted before applications will be reviewed for admission:

1. Submission of the completed Online Application (OA) along with a non-refundable application fee.
2. Current immunization records and birth certificates must be uploaded.
3. Upload copies of student's academic records from previous school, including standardized testing

results from the previous two years.

5. Signed 'release of records' form by the parents
6. Student record update and acknowledgement of school policies form.
7. Any psychological evaluations or individualized educational plans, if applicable, must be submitted to the school.

STUDENTS with Exceptional or Challenging needs (SPECIAL NEEDS)

Students with IEP or 504 plan (exceptional needs or challenging needs) are students who are clinically diagnosed with the social, psychological, behavioral and learning needs. ILM Academy is not equipped to meet the needs of such students. If the student is suspected to have behaviors that show the signs of Autism Spectrum Disorder or other psychological conditions, such as Attention Deficit Disorder (ADD) or Attention Deficit Hyperactive Disorder (ADHD), etc., - the school holds the right to ask the parents to get their student to be further evaluated by a

medical expert specialized in the field. The leadership reserves the right to make the decision whether to continue, defer, or cancel the student's enrollment based on the diagnosis, and the level of intervention suggested by the medical expert. Each such case will be analyzed on an individual basis.

The teachers and staff at ILM will do their best to provide the care and support to the students with exceptionalities. However, where a student requires services beyond the resources of the school, the parents are expected to take the school's recommendation into consideration and choose an educational setting best suited for their student.

Student's enrollment or re-enrollment will be canceled, if a classroom's learning environment and other students' and teachers' mental or physical well-being is affected by the student's behaviors (continuous disturbance, violent and emotional outbursts, and so on), whether the impact is major or minor.

Parents must inform the administration at the time of registration if the student has any IEP or 504 plan. The school administration reserves the right to discontinue/deny a student(s)' enrollment or re-enrollment.

ESL STUDENTS

Students for whom English is a foreign language will be assessed on an individual basis. ILM Academy does not offer an ESL program, so ESL students may be advised to seek other schools, which may be in the better academic interest of the student. ILM reserves the right to dismiss

a student based on the student's failure to abide by the school's rules and policies and/or inability to benefit from the program of studies.

TRANSFER PROCEDURE

Transfer students may be admitted following receipt from the transferring school of attendance, health and academic records. Until such records have been received and reviewed, the child's admission status is understood to be probationary. Furthermore, the academic progress and behavior of each new student is subject to periodic review by the administration. A student with a consistent record of not demonstrating adequate progress or conduct may be dropped from enrollment at the end of the quarter.

The student will be/maybe/can be placed on an academic and behavior probationary period and will be evaluated at the end of each quarter.

DISMISSAL

Please be mindful to follow the speed limit in the school parking lots, as children will be exiting the school. Our dismissal procedures ensure the continuous supervision and safety of your child. Teachers will only release students to friends and family members designated by the student's parent or legal guardian on the appropriate paperwork. The school will make every attempt to inform the parents in advance via email, text messages and automated calls as well as post information on our social media.

Parents must use their best judgment in determining if they should bring their child/ren to school during severe weather, since their local weather conditions may be dangerous and unsuitable for travel.

If an emergency closing occurs while school is in session, ILM Academy will follow the regular dismissal procedures for the safety of students, staff, and parents.

ATTENDANCE POLICY

ILM Academy considers regular school attendance essential to success. In addition, students in KG and above are required by law to attend a minimum number of school days during the school year to get promoted to the next grade level.

Please be advised that our school policy concerning students' absenteeism and tardiness states the following:

- Students are required to be present for at least 167 school days in order to be promoted to the next grade level.
- 7 unexcused early pick-ups (before 12 pm) and/or tardies will be counted as one unexcused absence day.

- Students must be present to take full advantage of available educational opportunities. School attendance is the responsibility of both the parent and student. There may be circumstances, which may require or justify an extended absence from school. However, irregular absences interrupt your child/ren's school experience and disturb the learning environment for the whole class.

If a student is absent, please follow the appropriate procedure:

Planned absence: Notify the school in advance by sending an email to administration@ilm-academy.com and your child's teachers.

Unplanned absence: Inform the administration and the teacher on the day of absence.

DISCIPLINE POLICY

ILM Academy believes that an effective instructional program requires an orderly and safe school environment. Positive discipline teaches children where the limits are set, how to maintain control over themselves, and how to problem solve in the event of conflict.

The administration has developed the following guidelines for student conduct on school property and at all school sponsored activities. The following is to inform students and parents of the rules at ILM Academy for student conduct and possible consequences for breaking these rules. Disciplinary measures include verbal reminders, written warnings, loss of privileges, detention, suspensions, or expulsion, all depending upon the severity of the situation.

A caring and positive approach will be taken regarding behavior management and discipline. The teachers will focus on the positive behaviors of the children and reinforce those behaviors as often as possible.

To help the children develop self-control and responsibility for their actions.

Our discipline procedures will consist of the following strategies:

- Encouraging students to use their words when having a disagreement with another student. Facilitating students in their attempts to settle their own disputes.
- Redirecting behavior when this seems potentially effective.
- Counseling children individually about their behaviors.
- Making parents aware of disciplinary concerns (Incident Report).

The following is a discipline plan for the classroom.

Teacher Will:

- Teach classroom/school routines to the students.
- Discuss appropriate classroom behavior with the students.
- Establish expectations for student behavior.
- Teachers will utilize the following techniques to manage and direct the students back to the task at hand.
 - **Redirection:** If a child is engaged in undesirable behavior we will present the child with an alternative and/or acceptable behavior or activity.
 - **Verbal warning & intervention:** The teacher will first discuss why the behavior is inappropriate and what is acceptable and expected of him/her.
 - **Consequences:** The consequences of continued misbehavior are detailed below in

Parents are asked to reinforce positive behavior in their children and to teach them that manners are the essence of Islamic conduct.

To ensure that all our staff and students are safe while at ILM Academy, please make sure to keep your child home or take them to the doctor's office (if needed) if any symptoms (see below) of illness occur or if your child may be contagious.

Please follow the general guidelines below to determine when your child should stay home:

- Elevated temperature - above 99.8 degrees within the last 24 hours (Normal is 98.6).
- Vomiting - within the last 24 hours.
- Diarrhea - within the last 24 hours.
- Strep throat – minimum of 24 hours on antibiotics before returning to school.

- Nose discharge - thick, colored drainage (may need to be evaluated by a physician).
- Head lice - until treatment with medicated shampoo or oil treatment and/or no live lice or nits found.
- Chickenpox or blisters – must stay home until all blisters have dried to scabs (about 6 – 10 days).
- Rash - that has not been diagnosed as non-contagious - skin rashes may or may not be contagious; however, the diagnosis cannot be made at school. If a skin rash occurs, the child should remain at home and a physician is contacted for diagnosis and appropriate treatment.
- Pink eye - refers to an inflamed eye. It often includes sticky discharge from the eye and pinkish tint in the sclera (whites of the eye). Your child may return to school after taking antibiotics for 24 hours. If after 24 hours, the eyes still look quite pink and there's a lot of discharge, your child can only return to school after 72 hrs of taking antibiotics. Contact your child's physician for advice/treatment.
- Cough - repetitive coughing that interferes with a child's activity or play. May need to be evaluated by a physician.
- Persistent pain of the body - such as the ear, stomach, etc. Should be evaluated by a physician.

If your child exhibits any of the above symptoms or any other health related issues, please discuss them with your child's pediatrician before sending him/her back to school.

Parents are REQUIRED to inform administration on the day of your child's absence, with an explanation of his/her sickness & symptoms.

In the event that any of these symptoms occur while the child is at school, the parent will be requested to take the child home. A student who has been prescribed antibiotics needs to have been on antibiotics for at least 24 hours before returning to school.

If a child has been vomiting, please do not send them to school until they have been well for 24 hours.

If a child has had a fever - parents must keep the child home until 24 hours pass without fever reducing medication.

EMERGENCIES

In case your child should fall sick or get injured during the school day, you will be contacted and requested to pick up your child. If the school is unable to reach you, the emergency contacts on file for that child will be contacted and asked to pick up your child.

If there is a change in emergency information, please notify the school immediately so that our

Records can be updated. Please make sure the school has your current contact information (phone, email, address) so you can be contacted in an emergency.

MEDICATION & ALLERGIES

Please keep the school informed about allergies, diseases, or other conditions your child may be exposed to. The school should have a written record of your child's condition (if any exist) and specific instructions for their care. All information will be kept confidential.

LUNCH

We require parents to send their children to school each morning well prepared to learn, by having a healthy breakfast at home and sending a healthy and nutritious lunch each day. Please be mindful to pack as much as you expect your child will be able to eat in 20 minutes. Lunch should be sent in a lunch box or bag that is clearly labeled with the student's name. School staff WILL NOT warm lunches for students. Parents are expected to send food that is at room temperature or kept in insulated containers/foil so that students can eat it easily.

Soda drinks, store bought coffee/tea drinks, candy, chocolate and chips are not suitable for lunch or for promoting healthy eating habits in our students.

Fast food snacks/lunches are not encouraged as a daily snack/lunch for students at ILM Academy. In the case that a student needs to bring such items, they must be taken out of the 'branded' bag/packaging and put into a generic bag/lunchbox/container. Consuming such lunches regularly is not healthy and promotes an unhealthy eating habit and culture in the school along with negatively affecting other children's habits and preferences.

Parents are requested to NOT send any food, snacks, goody bag items etc to be distributed in the school. If you would like to send something, please inform the teacher 24 hours in advance and the item must be individually wrapped/packaged. The school does not encourage children under the age of 10 to fast regularly on school days during Ramadan. Parents should continue to pack a nutritious lunch and snack for their children who are not fasting.

The school should have a written record of your child's condition (if any exist) and specific instructions for their care. All information will be kept confidential. Parents are required to fill out a FORM at the beginning of each school year or update administration with any developments throughout the year. (The school must be provided with appropriate medication/Epipen if your child's doctor has prescribed them for the student.)

In school events (bake sales/class parties) - ALL food that is provided for such events must be nut free. Parents must NOT use any nut products in the preparation of home cooked food that is being sent to school.

School events outside of school hours - Some food items at the event may contain allergenic ingredients or pose a choking hazard. Parents and their children hold the sole responsibility to check for allergy inducing ingredients and as such are responsible for any reaction induced after the consumption of any food at the event.

SCHOOL SAFETY

Each academic year, we conduct various safety drills—including fire, intruder, and weather drills—to ensure staff and students are well-prepared to follow the necessary procedures. As our school's general practice, the parents are not informed before these drills since the purpose is to prevent sensitization to announced drills, ensuring our staff & students remain responsive during a real crisis when quick action is crucial. Also, we ensure that developmentally appropriate language is used when educating students about these drills without receiving mixed information from home.

All students are required to participate in every school-directed safety drill. If your student needs physical accommodations during the drills, please inform the school at the beginning of the school year. Multiple strategies will be employed to cater to the specific needs of a student requesting accommodations.

FIRE DRILLS

Fire drills are regularly conducted at the school. Students will practice following exit routes to an assigned area outside the building in a quiet and orderly manner.

INCLEMENT WEATHER / NATURAL DISASTER DURING THE SCHOOL DAY

In the event of a weather emergency students will remain in a safe place inside the school. If a severe weather warning is in effect in the school area students will NOT be dismissed until the

Warning is lifted. The school will notify parents via text/phone message to pick up their children when it is deemed safe to start dismissal.

In the event that the school needs to lock down due to safety reasons, all doors will be locked and no parents will be allowed to enter the building to pick their children until the lockdown is lifted.

COMMUNICATION

ALMA (Teacher to Parent)

Teachers use ALMA as the primary source of communication for informing parents about student grades and progress. Teachers use ALMA to send emails to parents. Parents can also use ALMA to communicate with their student's respective teachers and administration. Parents are requested to check ALMA regularly to stay informed about their child's progress.

COMMUNICATION FOLDERS

Teachers may use communication folders and/or daily planners for the purpose of sending back classwork, quizzes, homework, tests, behavior reports etc. Teachers/administration may send letters and school notices that require parent attention and/or prompt reply.

GOOGLE CLASSROOM

Teachers use Google Classroom to upload daily classwork and homework assignments, quiz and test announcements, reminders and other special announcements. Students and parents are required to check their Google Classroom daily.

PARENT TEACHER CONFERENCES

Parent teacher conferences will be held two times a year. Parents will receive a sign up genius link to make an appointment with their child's teachers on the designated day. It is the parent's responsibility to try their utmost best to attend these conferences, as they will help keep the parents informed about events at the school and also aid in overcoming any problems that may be faced by the student. In the case that a particular student is not performing as expected at his/her grade level, is having disciplinary issues or is experiencing some other problem, the teacher may request a separate appointment with the parents of the child. We believe that the success of our students lies in a healthy, cooperative relationship between the parent and teacher, as they both have a major influence on the student's future.

PARENT COMMUNICATION WITH TEACHERS

The homeroom teacher is the primary point of contact for each student in PreK - 5th Grade, Bambinos, Primary and Elementary Montessori. For subject specific concerns, parents should email the subject teacher. Contact the subject teacher regarding any questions or concerns you might have for students in Grade 6- 8. When parents have a general question, want more information, or need clarification of a situation concerning general classroom matters or social problems, they are required to contact their child's homeroom teacher through email.

The following steps should be followed:

Step 1: Parents must email the student's teacher regarding any concerns (academic, social, emotional etc).

Step 2: The teacher/staff member will try to resolve the concern over email.

Step 3: An in person conference between the parent and teacher can be arranged to try to resolve the concern.

Step 4: If either party is not satisfied by the resolution agreed upon, the concern may be escalated to the director of that department by sending an email to the administration.

Step 5: Department director will try to resolve the concern over email.

Step 6: An in person meeting will be arranged if needed.

Step 7: If either party is not satisfied by the resolution agreed upon, the concern may be escalated to the board by sending an email to the board.

Parents are not allowed to communicate with teachers during drop-off, instruction time, or dismissal, as this will interrupt instruction and may hinder the safety of students at the school. In addition, parents are not allowed to contact school staff (administration or teachers) on their personal cell phone numbers via text or phone call for school related issues. **All concerns MUST be addressed via email.** Urgent matters should be directed to the Administration or parents can call the school phone number. Each ILM Academy family is required to volunteer a minimum of 20 hours per academic year. Attending meetings, joining one of the committees, chaperoning for field trips, or helping at events will count towards these mandatory hours for your family.
