

Assalam alaikum!

September has been a busy and productive month, Alhumdulillah! We learned about food chains and food webs, practiced addition and subtraction and created a project about types of communities!

Third Grade's Spectacular September 2018!

LEARN!

Mathematics (Sr. Madeeha)

This month, we learned about how to regroup in order to 'borrow' for subtraction. We learned how to subtract with numbers up to four digits! We also began our new unit on Multiplication!

Quran Projects on display outside our classroom!

WOW!

Quran (Sr. Asma)

Alhamdulillah we are almost going to finish Suratul-Inshiqaq. We did a lot on September. Activities such as: Recitation, Memorization, Games, Projects, etc.

Social Studies (Sr. Madeeha)

We completed our unit on types of communities and culminated the unit with an interactive lapbook describing urban, rural and suburban communities! We discussed the advantages and disadvantages of each community. We can appreciate the ways that different communities rely on each other.

Science (Sr. Madeeha)

This month, we explored how living things grow and change! We looked at the life cycles of plants and animals and explored the reproductive methods of plants! We learned that plants can reproduce with flowers, cones or by methods such as falling spores. We completed a project on plant reproduction as a class, Alhumdulillah!

WOW!

Arabic (Sr. Nafn)

3rd Graders are working on their balloons poster for question words (unit project). Students are practicing question words in different sentences with applying them in conversation as well.

3rd graders are finishing unit 1 (Ma Hiwayatuka?/What is your Hobby?). They can tell about their hobbies in Arabic, Mashallah and they can put words in order to make a sentence. They are practicing Reading & Writing skills as well.

Art and Physical Education (Sr. Heba)

The students are learning great artistic techniques, problem solving skills, and are portraying immense creativity. Along with these activities they are participating in the school event, STEAM. They also began to work on their fall projects.

In P.E we will start a new activity known as the pacer test. Students will run laps; each lap will be timed. Students will not be assessed on the amount of laps they run, but they will be tested on the effort they display.

LEARN!

Islamic Studies (Sr. Misbah)

Alhamdulillah! All praise to Allah (swt) who enabled us to complete this month of School successfully. Alhamdulillah, we were able to learn about making Wudoo right and perfecting Salah and did a practical project on the same with a lot of

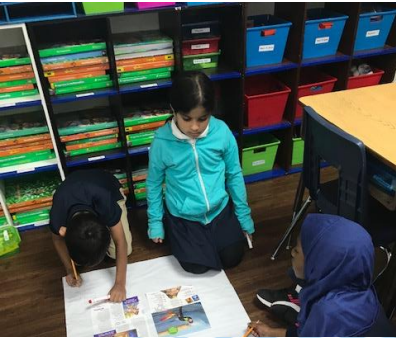

enthusiasm by students. Alhamdulillah!! For the coming month in sha Allah we plan to do lot more with kids learning about Thikr, Zakah, the story of Prophet Ibraheem (as) and engaging them in Quizzes, Activities and Projects on the same. In sha Allah We pray that Allah (swt) puts Barakah in our time and make our students righteous Leaders of the Believers. Ameen.

ELA (Sr. Madeeha)

This month, we have explored the genres of folktales and historical fiction. We have identified similes and metaphors and worked to understand the theme of passages. We are enjoying our Literature Circles novel and are completing one in-depth reading response in our booklet every week. We learned about text features and the role they play in organizing a text for the reader!

WOW!

LEARN!
