UMER MUHSIN

Arabic:

Fourth graders are enjoying learning about the weekend and how people spend their weekends outside the house in unit 1 text 2. Students learned part of speech, sentence structure, write sentences related to pictures, reading and writing skill.

REMINDERS:

October 16th: Field Trip

October 31st: Multiplication Bee

Turn in your homework on time.

Remember to bring water bottles daily

A light fall jacket would be great too as the season begins to transition into Fall.

Quran From Sister Asma's desk:-

Alhamdulillah. We have completed Suratul-Mursalat and we did many activities and played games that helped in practicing the Surah very well.

Islamic Studies Update

A In the Name of Allāh, the Most Gracious, the Most Merciful

Assalamu alaykum wa rahmatullahi wa barakatuhu,

Alhamdulillah! All praise to Allah (swt) who enabled us to

complete

this month of School successfully. Alhamdulillah, we were able to do

the story of Prophet Lut (as), Prophet Yaqub (as) and Prophet Yousuf (as) and students showed a lot of interest and enthusiasm

learning the same. Alhamdulillah!!

For the coming month in sha Allah we plan to do lot more with kids

learning about Prophet Muhammad ﷺ, Hijrah, Courage and engaging them in Quizzes, Activities and Projects on the same.

In

sha Allah

We pray that Allah (swt) puts Barakah in our time and make our students righteous Leaders of the Believers. Ameen

Go Fourth and Prosper... Page 2

Highlights of the Month

Language Arts

We are working on Unit 2: Nouns and Explanatory Writing. Students are currently working on writing Memoirs.

Phonic/Reading

We are currently working on Unit 2 of our 'Wonders' Reading curriculum. For the next two weeks we intend to concentrate on Reading skills and strategies to strengthen in-depth comprehension, in sha Allah. Star 360 test results help us continuously to target missed skills or gaps in learning as students will be called in for extra help after-school or during school hours based on individual needs.

Social Studies

We will be working on hands on activities and projects based on Unit 1 Chapter 2 The American People and 3 Regions Around You . We can't wait to get started on many interesting ventures and many fun expeditions delving into our country's Geography and exploring it through Google Earth.

Science

We are currently working on Our Skills Handbook Chapter Part 2 and learning about the process of designing an experiment, along with many fun experiments in the class to support and test the same.

Math

In Chapter 4 we will working on different properties of Multiplication. We will multiply single digit, two digit, and work on several strategies to solve problems using the different properties of multiplication.

Writing

Writing is being taught by Sis.Meher. We are exploring different traits of a new curriculum- Writing By Design. The six traits of writing are : idea(topic of writing), Organization (how sentences are organized), word choice (using descriptive words), Voice (1st person, I or 3rd person- he she, it), Sentence Fluency(making sure sentences flow), and Conventions(grammar and punctuation).

Arts

ASA Dear parents,

I pray this message reaches you in great health and iman. I would like to update you about Art class. The students are learning great artistic techniques, problem solving skills, and are portraying immense creativity. Along with these activities they are participating in the school event, STEAM. They also began to work on their fall projects.In P.E, we will start a new activity known as the pacer test.Students will run laps; each lap will be timed. Students will not be assessed on the amount of laps they run, but they will be tested on the effort they display.

JazakumAllahu Khayran!

Computer Education:

ASA,

We had a busy month. Students started on keyboarding skills by working on typing lessons using proper hand placement and posture. We have started working on our first project of the school year. Students researched fun facts on their favorite "Amazing Animal". They will use the research to create a power point presentation. Students will learn to use the various features of google slide to enhance their presentation. Once we have completed the project, students will start coding lessons on code.org and will also work on a mini project using google sheets.

Until the next issue!!!!!!

Duas and Salams,

Sis Nafn, Sis Heba, Dr.Misbah, Sis. Saima, Sis. Asma, Br. Basel, Sis Atika, and our class pets- Mr. Gizmo, the Leopard Gecko

Please find photos of class activities. Follow the link, pictures uploaded on Google Photos: Link will be shared by email.
