## ELA

We are working on a biography research assignment aligned with what they are learning in social studies. In grammar, we have been studying adjectives and adverbs.

The biography research paper highlights a historical figure that they are studying in Social Studies. This assignment will help them understand the process of writing a research paper, using resources effectively without plagiarism. As they will produce clear and coherent writing, and with guidance and support from peers and teachers, develop and strengthen writing as needed by planning, revising, editing, and rewriting.

## Science

In this quarter, we have focused our attention on the Life Science part of our class. As we wrapped up the Introduction to Cells chapter, we had great success with test grades Alhamdulillah. For this chapter, we will proceed with the chemistry aspect of the cell. This chapter, Cell Processes and Energy tends to be challenging, but I am pleased with how the class is preparing for the new material.

## Islamic Studies

Assalaamu'alaikum. Alhamdulillah, we completed the Maccan period in the life of the Prophet (S.A.W), which was the most difficult Periods in his life. He lost his uncle and his wife who were his strongest two supporters from the Quraish. After they had passed away, the Prophet (S.A.W) suffered many difficulties at their hands until Allah (S.W.T) finally gave permission to the Prophet (S.A.W) to migrate to Madinah.

## Islamic Studies

Assalamu alaykum wa rahmatullahi wa barakatuhu, Alhamdulillah! All praise to Allah (swt) who enabled us to complete this month of school successfully. Alhamdulillah, we were able to learn about the life in Madinah after migration, difficulties in Madinah, the Prophet's (S.A.W) mosque, the call to prayer, brotherhood between Muhajiroon and Ansar, military expeditions, the Battle of Badr, the events after Badr, along with lots of lessons on the same with multiple quizzes and tests. Alhamdulillah!

For the coming month in sha Allah we plan to do lot more with kids learning about the Battle of Uhud, events after the Battle of Uhud, and engaging them in quizzes activities, and projects. In Sha Allah. We pray that Allah (swt) puts Barakah in our time and make our students righteous Leaders of the Believers, Ameen.

## MATH

We are still in our Geometry unit and working on Volume. Our next lesson is Surface Area. We are taking baby steps to ensure clear understanding of both concepts. Students did a great job on our STEAM Project of Arts and Math while creating Mandalas. Congratulations to Shaheer, Yunus, Sammy, and Roua for moving on to the Regional MathFest Competition! **Sis. ## TECHNOLOGY

Students are working on their PBL project called "The Dream Team". They finished designing their team logo. We tried using a 3d pen to make the logo, unfortunately it was harder than we thought it would be. We are also working on our lessons on python programming using online lessons on codester.com. Students are using variables to control sprites. **Sis. Saima**

## Social Studies

This month students completed the unit on Medieval Europe. Students learned about the Crusades, the Black Death, and the beginning of democracy in Europe. We have moved on to Ancient African civilizations and we will continue with Africa in to the 3<sup>rd</sup> quarter, insha'Allah. **Sr. Nida**

## ART

ASA dear parents. This month our students focused on constructing a project where they would make use of STEAM tools that would allow for the amalgamation of math and art fields. They used tools such as protractors, rulers, and compasses. Each student constructed a Mandela that was made with oil pastels and crayons.
