

CLASSROOM NEWS

KG • November • Kifah.Huweih@IIm-Academy.com

What you can do at home
with ELA.

Our class will be reading stories about how living things, such as trees, change as they grow. Your child will learn to name the parts of a tree, such as the trunk, bark, branches, leaves, and roots.

Here are some activities that you can do with your child to help reinforce the skills we will be practicing.

Word Workout

Vocabulary: develop, amazing Draw a picture of a tree. Encourage your child to tell facts about trees. Write the facts on the picture of the tree.

My Words to Know

High-Frequency Word:

are Write the word *are* on paper. Then have your child practice writing the word *are*. Have your child think of a sentence using the word *are*. Write it down and ask your child to circle the word.

Category Words: tree

parts Have your child draw a picture of a tree. Help your child label the tree parts, such as *trunk*, *bark*, *branch*, *leaves*, and *roots*.

Phonics: e Have your child think of words that include the letter *e*, such as *egg*. Draw pictures of these words, then label each picture, having your child underline the letter *e* in each word.

IN THE CLASSROOM!

In **Math**, we have been working so hard to get comfortable with numbers to 31.

In **Social Studies**, we are learning everything about maps. How to read them and build them. What city, state, country and continent do we live in.

In **Science**, we introduced states of matter.

COMING UP.....

MATH

In the next month:

- Tables
- Graphs
- Fractions

ELA

In the next month:

- Middle e word families
- Writing traits : Organization
- Pronouns

SCIENCE/SS

In the next month:

- States of Matter
- Continue with maps and then cultures.

"The more that you read, the more things you will know. The more you learn, the more places you'll go!"

-- Dr. Seuss!

CLASSROOM NEWS

KG • November

Islamic Studies/Quran

The previous weeks:

In Quran: We learned Surat Quraysh & started Al-Feel.

Nooraniyah: We're practicing lesson# 4 (Al-hrakatuthalath).

Islamic studies: We learned about Islamic beliefs (Pillars of Iman).

The Weeks Ahead:

1-In Quran: We'll finish Surat Al-Feel & start Al-Humazah.

2-Nooraniyah: We'll continue learning lesson # 4 (Al-Harakatuthalath).

3-Islamic studies: We started learning about prophet Muhammad (SAW) and we'll continue in the coming weeks in sha Allah.

ARABIC

KG students are thriving in Arabic learning; but most importantly, they are doing so in an entertaining and positive environment. They loved to learn about their environment while coloring and, shaping the different characters of the lesson. The preview unit add more words into student's vocabulary bank. Every day, they are learning the Arabic alphabet by identifying the letters in their different shapes and sounds. This will help them build a solid knowledge of the Arabic language structure, and make their very first words. Daily Arabic conversation strengthens their awareness of the language and enriches their minds with a new concept of communication and expression.

Technology

Assallam Walaikum,

Can't believe how fast the year is going by and we are a couple of days away from winter break.

Students have started working on coding lessons on code.org. Students were also introduced to QR codes. We did several activities to help reinforce the concept. Once we are back from the break I will introduce more unplugged coding activities, iA.
