

OCTOBER 2019

PRE-K3

NEWSLETTER

What We Are Learning?

Alhamdulillah, October has been quite an eventful Month at Pre-K3! We enjoyed our fun trip to Legoland! Jazak'Allah Khair to our sweet Parent volunteers who chaperone the field trip!

Our Pre-K3 DiG theme that we are covering this month is "Our Community." Students' are learning about the people in the community, places in the community and how we can be helpful in our communities! We learned the letters "A, B, K, D." We have sounded out, traced and made crafts for each letter. A lot of hands on activities to trace write and using different cutting techniques in fun way of learning.

In Math we introduced Measurable Attributes and shapes and counting 1-10.

WELCOME TO THE WORLD OF STEAM

Dear Parents as you know ILM Academy has now integrated the STEAM Program (Science Technology Engineering Arts Mathematics) into its curriculum. We are excited to announce we will be working on our first STEAM project of the school year. Our project will consist of working on the playground for our Art exhibit which is integrated with what the Prek 3 students learn everyday. Our students are very excited to share with you all the amazing ideas and work we will be doing. As always your support and encouragement is always needed. We are asking all parents to please send an oversized old t-shirt with your child that they can use to wear over their uniform for painting outdoors. Remember the paint that will be used will not be washable and we would like to make sure that student uniforms will stay clean.

Jazak'Allah Khairun we truly appreciate all that you do for our Pre-K3 Students and our Class!
